Verse 1

*Heroes of the sea, noble people,
 Brave, immortal nation,
 Raise today once more
 Portugal's splendor!
 Amidst the mists of memory,
 O Fatherland, the voice is heard
 Of your egregious forefathers,
 That shall lead you to victory!*

Chorus

*To arms, to arms!
 Over the land, over the sea,
 To arms, to arms!
 To fight for our Fatherland!
 Against the cannons, march, march!*

A Portuguesa was written by Henrique Lopes de Mendonça in 1890 and was adopted as the national anthem of the Portuguese Republic in 1911.
