

Sharing Our Learning

Throughout the school year we would like to provide opportunities for families to actively and meaningfully engage in your child/ren's learning and life at school.

Last year we issued a list of dates which hopefully helped you plan if you would like to join us. This is our timetable for Soft Start and Assemblies for this this session. As the year progresses there may be other opportunities - we will keep you updated.

Once a month, from 9-9.30am we would love you to join us in our classrooms to share our learning experiences.

Please note: The Soft Starts on 5th September and 6th of October are for P2-P7. It is felt that the Nursery and P1s still need time to establish their routines before beginning Soft Start.
