rehears in your heard and be prepared to talk clearly

write answers down and keep reading over and then speak them aloud until you can remember

Think about relevant answers to questions which may come up in an interview.

STAR

You can prepare what your going to say by practicing the star the system when you ask your self a situation task you had to do, what actions you did when the task happened and what was the result of your actions

Think of situations they might ask about like when you worked in a team

More time to practise using STAR.

By having more time to practice

give advice to everyone after they have taken the mock interview

I thought the session was good and I don't think I'd change anything

Give more time to prepare

Give more time to get a full answer from students.
