

North Berwick High School

CAREERS EVENING

25 September 2019

A selection of responses from our visitors

Mick Burns Careers Adviser
mick.burns@sds.co.uk

Where do you live?

How did you hear about this event?

How would you rate this event?

What did particularly enjoy about the event?

freebies and of course, good advice

It had a good range of employers

good available information

the range of companies here

looking at all the different stalls

The information and guidance

speaking to university's/colleges

The information and guidance

It opened our eyes to new possibilities.

Seeing the different career opportunities

The wide range of choices that you can choose from.

the information given

learning about foundation apprenticeships

Real companies offering jobs

Getting literature

variety of stands to chat to

The RAF section

Getting subject advice

Learning about different jobs within a company.

opportunity to speak to different organisations

The people on the stands were incredibly helpful and knowledgeable and engaging.

vr goggles with the army

speaking to employers

seeing potential businesses

being able to talk to people about career pathways and job opportunities whilst still in school

variety of stalls

The pupils who helped organise it

the range of different employers

the range of employers and unis

the universities

talking to people about their jobs

getting to hear about different jobs

Leonardo presentation

got a good understanding of college and uni

the range of people and companies

Getting information from fields of work that i am into

Inspiring and informative

the range of different jobs there were

finding out about organisations i hadnt heard of before

finding out about the different paths into careers.

the information

The people who were available to talk were varied which meant that I could get information about courses I wouldn't have normally

lots of ideas for future careers

talking about people

lots of options

Learning about apprenticeships

Had a really great conversation with a man from Queen Margaret University

learning about my future career options

diverse range of opportunities and employers

The different people involved

friendly approachable companies/people

What would make the event better?

other career options that aren't stem based

good as it was

To know who was here in advance.

Complimentary tea and coffee

really good as it is. Everyone we spoke to was very friendly and approachable.

have more businesses and universities here, especially big unis outside of edinburgh

coffees teas, chairs for the parents waiting around :)

more options to do with performing arts

Architecture presence and more varied employers

having less academic or more creative companies

more about the police force

More STEM careers

having the opportunity to find out more about work experience opportunities

More advertisement about the talks that are on in the SFL room, the poster at the entrance is very easy to glance over

More it stuff

free food + more work places

More universities

perhaps greater variety of exhibitors?

Have you learned of any opportunities you were not aware of?

the range of jobs in the RAF

yes - in work training with Leonardo

Yes Foundation Apprenticeships

Yes, I was interested to find that there was a lot of opportunities in music

foundation apprenticeships, what subjects are a part of the apprenticeships and what qualifications are needed.

Scottish Gov. jobs

law and finance

Intelligence analyst

Jobs that you can get in a building company

Yes, learned how the college courses blend with the university courses. Good discussion about in house training from a local hospitality provider compared to the college route.

graduate apprenticeships

yes - engineering

i learned more about business

different ways about business studies

Yes Leonardo varied careers

yes, college as an option

yes- learnt a lot

collage and university and how they provide a degree

investment manager

yes - work experience with a few of the organisations but i had to ask the question of each

pathways into job opportunities through apprenticeships rather than degree courses.

I wish I had been told about foundation apprenticeships when I was picking my subjects in s4 so that I could have had a better idea about things

Yes learnt about workplace apprenticeships

Leonardo apprenticeship

yes, the apprenticeships

Law, investment, scot govt apprenticeships

Yes - music degree at napier
