Don't know

More time to talk to the people

More things to do

More time

Give a little more time to look around. Feel I didn't get to talk to everyone I wanted.

In a bigger room

If more time was allocated. I would have liked maybe another 30 minutes to speak to more companies.

Add more businesses

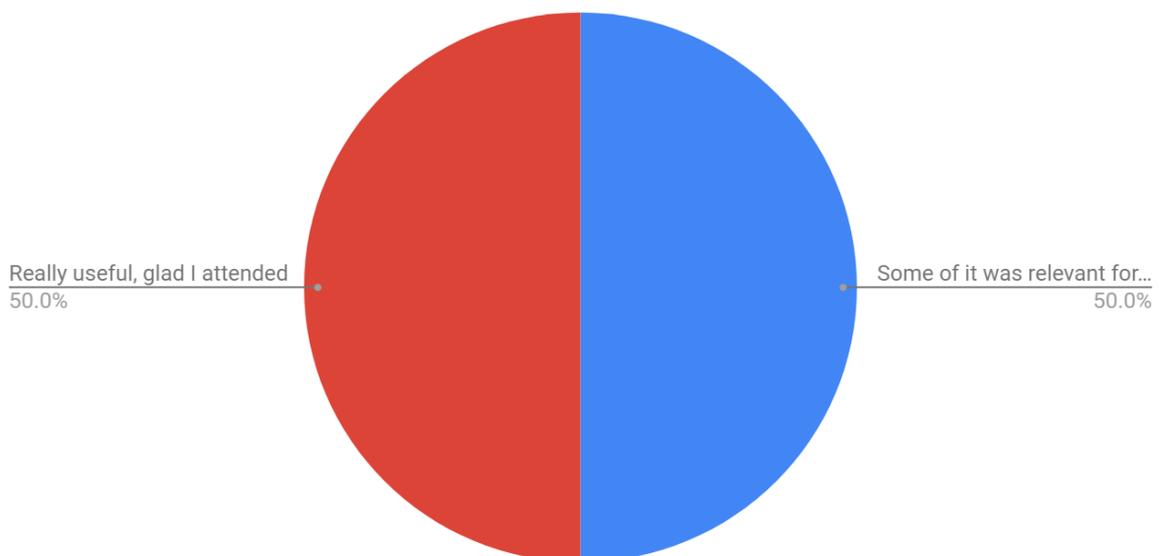

Nothing

More time

More time to talk to employers.

## What advice would give to the people attending next year?

Approach the people as they really help once you speak to them. Don't be afraid to ask questions

Talk to people

Go, they got nothing to lose and you might find your ideal job

Ask questions

Don't waste it talk to people

Enjoy

Make use of your time and get talking to someone it's not as scary as it seems.

Go round most jobs

Make sure to speak to as many people as possible. Speak to places that you may not think about. The company that helped me the most was at the back of my mind.

Look at everything

Go into it with an open mind

Go to it

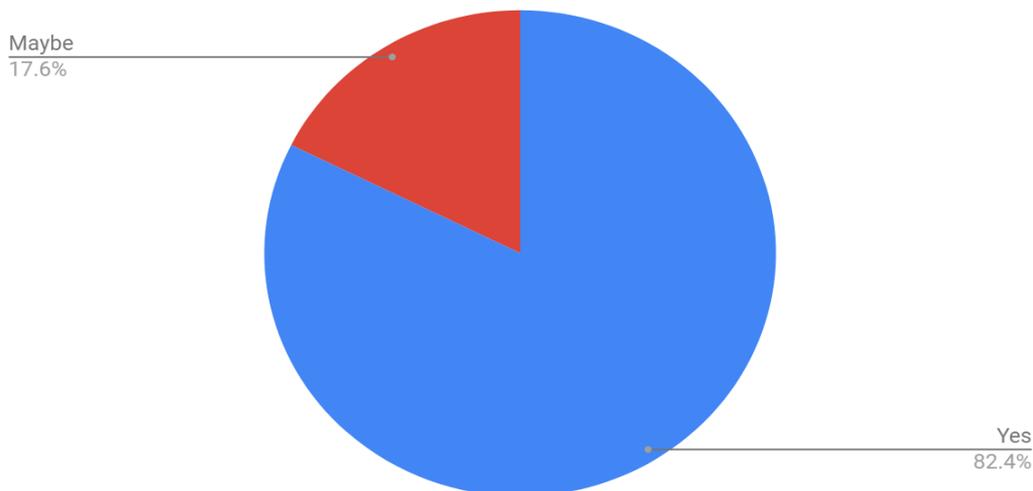

Ask questions

Don't be shy

Talk to as many different employers as possible to get a better idea of what career is best for you.
