"Prepare for Antarctica"

Have you ever wondered what it would be like to be an Antarctic Explorer?
Well now you get to meet one!

Raeanne Miller, a marine biologist, is going on her first Polar expedition and would like your help to prepare her for her journey!

Learn about heroic explorers from the past and how they survived the harsh conditions and freezing weather, and discover what it's like to live and work in the Antarctic today. Find out about the environment Raeanne will visit, what equipment she will need, and what she will be doing while she's there.

Discover why scientists are so interested in finding out more about this far-away place, and how you could be an explorer one day too!

Time:

1:30-3:45pm

Where?

Queen Margaret University

Who for?

9-14 year olds

How many hours to gain?

2 Passport to Learning Hours

How do I sign up?

Email Hayley by 12:00pm Friday 4th Nov
