

DESIGN A FRONT COVER FOR FRINGE BY THE SEA

Is your child a budding artist? We're giving primary schoolchildren across East Lothian the chance to show their talents by designing the front cover of this year's Fringe By The Sea programme. Fringe By The Sea festival is back in North Berwick for its 12th year with a packed line-up of music, comedy, literature, film, family, conversation, wellbeing and exploration.

Centred around the Spiegel tents in the harbourside with shows also taking place in pop up venues across the town, the festival runs from August 2-11.

Idlewild, Eddi Reader, Alexander O' Neal and The Cuban Brothers headline the music tents and authors Val McDermid, Ian Rankin, Cathy Newman, Alexander McCall Smith and Doug Allan will appear.

There's also set to be a packed family programme - announced so far are 'So You Think You Know About Dinosaurs' with Dr Ben Garrod, Dr Jones Funny Bones plus festival favourites Mr Boom, Alexander the Great, BookBug, Seaside Science and MADE in East Lothian return.

NB Movies present a series of special screenings; the Seabird Centre hosts environmental focused talks and there are gigs aplenty at the North Berwick Fry.

Tickets are on sale at www.fringebythesea.com and the full programme will be announced over coming weeks.

We're inviting primary school pupils from across East Lothian to submit a picture which shows us

what they love to do or see in North Berwick.

The judges will be the Fringe By The Sea Chief Fun Planners and they'll be looking for a bright, colourful picture which reminds them of North Berwick.

The winning entrant's artwork will feature on the front cover of the 2019 Festival Programme brochure and their name and school will also be included in the programme. The winning entrant will also receive Fringe By The Sea show tickets and food from the Fringe By The Sea food vendors (of their choice) to the value of £100.

Two runners-up will receive a family ticket for four people to one of the family shows at Fringe By The Sea.
