Erasmus+

## Scotdec will provide an action-based timeline equipped with ideas and resources to support:

*Participation and raising pupil voice*  
*Learning for Sustainability experiences*  
*Pupil equity and well-being*

## You'll be supported by Scotdec staff throughout the academic year with opportunities to:

- Use a new resource with a step-by-step guide for schools to adapt and use in their own context
- Travel to Brussels, celebrating your school
- Have free pupil workshops, tailored to your priorities and facilitated by expert Inschool partners
- A great opportunity to build long term relationships with community-based partners here in Scotland
- Gain professional recognition in a related area

*The Inschool project and Unicef's Rights Respecting School Award (RRSA) are intrinsically linked through shared principles of equality, dignity, respect, non-discrimination, and participation. Scotdec has a long and well respected relationship with UNICEF and local RRSA assessors and co-ordinators.*
