

Scotdec What's on In September

Professional Learning

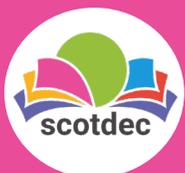

Click below to find our schedule of professional learning courses on offer this term.

Scotdec are also happy to provide any further training, either as a whole school or around a specific theme - [get in touch](#) if you would like to discuss this further.

Connecting Classrooms

Scotdec is a delivery partner for the British Council programme, Connecting Classrooms through Global Learning. This is a fantastic opportunity for schools to build links with schools locally and around the world and develop whole-setting approaches to Learning for Sustainability. If you would like to find out more about this programme then please get in touch. For an idea of what the programme is about and what a school can gain from joining, have a look [this short video](#) of a Scottish-Ghanaian school partnership.

For those schools and teachers who have already started on their partnership journey, the next online Equitable and Sustainable International Schools Partnership training is starting on 24 September. [Register here.](#)

Wee Flags for Change!

September is **Global Citizenship Month** and a time to reflect and consider the actions we can take to contribute to a fairer and more sustainable future for everyone, and to celebrate our role as active global citizens.

As part of this, Scotland's Development Education Centres are inviting people from across the country to commit to one positive action on a global issue and to share this on a 'wee flag for change'. For more info on how to create and share your own bunting flag, see [here](#).

Further information is also attached. Please share within your networks!

A Global Citizenship Approach To Primary Teaching

What is Global Citizenship? Why does it matter? How can you introduce the idea of Global Citizenship to primary age learners in a sensitive and engaging way?

This short online professional learning webinar delivered by Scotland's Development Education Centres is designed to help primary teachers understand the place of Global Citizenship within Scottish education's Learning for Sustainability (LfS) agenda.

Wee Flags for Change

Connecting Actions for a Fairer Future

September is **Global Citizenship** month in Scotland. A time for us to reflect and consider the actions we can take to contribute to a fairer and more sustainable future for everyone, and to celebrate our role as active global citizens. As part of this we're inviting people from across Scotland to commit to one positive action on a global issue and to share this on a '**wee flag for change**'.

Attendees will receive a resource list to take away, along with plenty of new ideas around how to weave key Global Citizenship themes like climate change, gender equality, migration and the UN SDGs into lessons in a way that is accessible to primary age learners. [Register now](#).
