

BALTI	Brilliant Assessment Teaching & Learning Ideas
What is it?	How to start a class with an answer.
Why use it?	It allows discussion in partner groups. Lets them settle. Revision of previous work (while you do the register!)
What do I need?	A white board or digital projector.
How do I do it?	<p>I write 5 answers to questions on the white board and give the group about 5-10 minutes to think of suitable questions.</p> <p>One person per group (chosen at random eg such as someone with a dog) gives the questions to the class from their group.</p>
Extra Information	It certainly gets discussion and thinking going.

The bulletin board is decorated with a yellow border and features numerous colorful notes (red, orange, pink, green, blue, yellow) pinned to a blue background. The central title is written in large, bold, black letters with white outlines, arranged in a vertical stack. The board is mounted on a white wall.
