

Dirleton Primary E-Safety

Craig Burgess

Our children will outwit us if they want; for when it comes to technology, they hold the higher ground. Unlike other tools passed carefully and ceremonially from one generation to the next - the sharp scissors, the car keys - this is one they understand better than we do.

Nancy Gibbs (Editor of Times Magazine)

Acronyms and Web-jargon

Background

North Berwick High School

North Berwick Cluster

Suitable ages for using internet based technology?

Children can be exceptionally able but are they ready?

Worthwhile checking websites like...

<https://www.commonsemmedia.org/>

What do the pupils use these days?

Facebook

Twitter

Instagram

Snapchat

Whatsapp

The image shows a screenshot of the NSPCC Net Aware website. The header features the O2 logo, a smiley face icon, and the text "NSPCC Net Aware)))". To the right of the header is a search bar with the placeholder text "(e.g. facebook)" and a magnifying glass icon. Further right are two buttons: "A-Z" and "Most popular". The main content area has a blue background with the text "Your guide to the social networks your kids use" in large white font. Below this is the subtitle "Stay up to date and keep your child safe in today's digital world". On the right side of the main content area is an illustration of a smiling boy wearing a red cap and shirt, holding a smartphone, standing next to a small white dog with a red collar.

Dangers

Grooming (Watch who children are friends with, how many etc.)

Bullying (Encouraging pupils to talk about what they are doing)

Trolling (Usually more common with our pupils through Youtube)

Footprint (Be careful what is left on the internet, affects jobs)

The more social media we have, the more we think we're connecting, yet we are really disconnecting from each other. JR (French Artist)

On the evidence I have on hand at home, social media isn't killing our children. It isn't killing families, either, because the constant long bloody phone calls that parents complained to their teenagers about in decades past are gone. Warren Ellis (Author)

S

Stay Safe

Don't give out your personal information to people / places you don't know.

M

Don't Meet Up

Meeting someone you have only been in touch with online can be dangerous. Always check with an adult you trust.

A

Accepting Files

Accepting emails, files, pictures or texts from people you don't know can cause problems.

R

Reliable?

Check information before you believe it. Is the person or website telling the truth?

T

Tell Someone

Tell an adult if someone or something makes you feel worried or uncomfortable.

Follow these SMART tips to keep yourself safe online!
