

# Are you ready to learn from home?

Do you have everything you need?

# Why should we learn out of school?

- The work you do will be marked and count towards your overall year progress.
- We feel better about ourselves if we achieve something everyday
- We feel better about ourselves when we discover something new
- Keeping in touch with other people will make us feel supported and included
- Any gaps in our learning are difficult to fill later on when we get back to school

# What will we be learning out of school?

- Every teacher you have will be posting work for you to complete each week on Show My Homework.
- You will be asked to complete tasks, learn new information and submit work electronically.
- You may be asked to collaborate on projects with others using Google slides or other Google Apps.

# Stay Achieving

- Make Monday to Friday different from the weekend by creating a schedule for work along the lines of a school day
- Have a variety of tasks and subjects
- People at home will worry about your learning – share your daily plans with them. They can help you... and you can help them feel less worried about you.
- Keep a diary / tick list of what you have done each day. We feel better about ourselves when we have achieved something.
- Contact Support for Learning if you are finding things difficult

# What if I get stuck?

- Ask your friends and classmates
- If you are still stuck, email your teacher individually using your Edubuzz account.
- For example [eoffer@edubuzz.org](mailto:eoffer@edubuzz.org)
- If you email them, you should give them a fair amount of time to respond.
- Teacher contact hours are normal school hours 8.35 – 3.25pm

# If things are not going great...tell us what support you need

- School website – ever changing range of support links and ideas.
- Email us: DGSPupilSupport – Mrs. McIntosh and Mr. Offer
- Guidance teacher contact via email
- Support for Learning will be available
- Support for parents and carers available on Website and from Pupil Support staff
