All colleges are doing virtual open days. You must register online for these but it is a great opportunity to find out more about the college and ask questions.

I would be happy to help you decide which course and level to study at and also look over your personal statement. This is my email address [lynn.telford@sds.co.uk](mailto:lynn.telford@sds.co.uk) I have also attached a help sheet to give you an idea of what to include in your personal statement.

I am sorry I can't help you in person at the moment but please get in touch if you have any questions about anything related to your future career plans.
