

*Babcock at Her Majesty's Naval Base (HMNB) Clyde and Cavendish Nuclear have an exciting opportunity for pupils age 14-15 to undertake a virtual work experience week as part of our 2021 Future Engineers Programme! The programme is now open for applications and will be closing on **Friday 16th of April 2021**. The programme will run for 1 week from week commencing the **21st of June 2021** and we welcome students in S3 to apply.*

The programme will cover a wide range of disciplines for apprentice and graduate programmes offered by Babcock and Cavendish Nuclear, including:

- Project Management*
- Civil, Structural & Architectural Engineering*
- Mechanical Engineering*
- Process Engineering*
- Science & Hazard Management*
- Commercial*
