

## APPRENTICESHIP OPPORTUNITY – LIGHT VEHICLE MAINTENANCE AND REPAIR

D. A. Thorburn Motor Engineers - Cockburnspath

Family run business has the opportunity for a young person to start an apprenticeship and gain an IMI Diploma in Light Vehicle Maintenance and Repair - Modern Apprentice Route (SCQF Level 5)

This would involve joining a workshop team. You will be working with all different makes and models of vehicles and learning a variety of different skills. You would go on day release attending Edinburgh College one day a week over a year, before progressing onto the next level.

This is a hands on role which can be physically demanding and requires common sense. Whilst no vehicle qualifications are required for this role an interest in motor vehicles and technical aspects is desired.

The individual should be a team player, self-motivated with a strong desire to learn and progress.

- National 4 or above in English, Mathematics, Science or a Technical subject is desirable
- A consultation with the employer and Modern Apprenticeship advisor is essential

Further information of the course can be found via the following link. <https://www.edinburghcollege.ac.uk/courses/Engineering/IMI%20Diploma%20in%20Light%20Vehicle%20Maintenance%20and%20Repair%20-%20Modern%20Apprenticeship%20route/EN1LVM2L21>
