Dear Director,

National e-Learning Offer: Free e-Sgoil Evening Study Support Webinars

I'm writing to let you know that registration is now open for the NeLO/e-Sgoil evening Study Support programme for 2023/24, and to ask for your help in disseminating information about the programme to all secondary schools in your local authority area.

Study Support comprises live, interactive webinars focussed on Senior Phase courses. Webinars are delivered by experienced, GTCS registered teachers. 51 different webinars are on offer each week during term time, covering all the larger subject areas and an extensive range of other subjects.

The service is focussed on delivering equitable access to all learners in Scotland and is completely free. Last session, almost all learners attending Evening Webinars rated the overall quality of their experience as excellent.

A ThingLink containing further information on the programme can be [accessed here](#). This includes links to the e-Sgoil website; an explanatory video; registration information; the Study Support timetable; individual subject timetables and an FAQ document. There are also supporting documents on how to sign up, how to access Glow, and how to contact e-Sgoil.

Resources for schools to print and share, including subject specific posters and a PowerPoint slide, can be [accessed here](#).

If you have any questions or queries, please get in touch.

Yours faithfully,

Dr Simon Hall
Study Support programme lead - e-Sgoil and Northern Alliance
