Respect for All

East Lothian Anti-Bullying Policy

Introduction

East Lothian Council is committed to creating and sustaining a safe, positive and inclusive environment where respect is shown to and is given by all of its children, young people, staff and parents/carers. Positive relationships are central to developing and maintaining inclusive environments.

Every child and young person in East Lothian has the right to grow up free from bullying behaviour and prejudice-based bullying and experience a learning environment which welcomes diversity and nurtures respect for all. East Lothian Council is therefore committed to protecting children and young people from all forms of bullying.

This commitment is consistent with the policy of the Scottish Government as outlined in the National Approach to Anti-bullying for Scotland's Children and Young People (2010) and is supported by the work of **respectme**, Scotland's national anti-bullying service. The context of this policy in relation to other national and local policies can be found in Appendix 1.

In addition to ensuring this policy is in line with the National Policy the views of children and young people, parents/carers and staff across East Lothian were sought through initial consultation with stakeholders in order to identify key issues and further consultation on the draft policy to ensure the policy meets local need.

1 Policy Statement

East Lothian Council aims to:

Reduce and wherever possible, prevent the instances of bullying behaviour and prejudice-based bullying in all our educational establishments.

Ensure that all those who play a role in the lives of children and young people are enabled to promote positive relationships and respond effectively to all forms of bullying behaviour.

Ensure systems are in place to care for and support all those involved in bullying behaviour, as well as ensuring children and young people can report incidents in the knowledge that they will be dealt with promptly and effectively.

Actively seek the involvement of children, young people, parents/carers and staff in the continuing development of social behaviour and emotional literacy which supports the growth of a positive ethos.

Ensure that there is an effective system of recording incidents of bullying behaviour and prejudice-based bullying within all educational establishments.

Use information concerning bullying incidents to monitor, evaluate and report on the effectiveness of this policy.

2 Policy in Practice

All key stakeholders have a role to play in ensuring the effectiveness of this policy. This is only possible if we have an agreed definition of bullying behaviour and clear guidelines regarding roles and responsibilities.

2.1 Definition of Bullying Behaviour

In line with the Scottish Government and **respectme**, we define bullying as ‘a mixture of behaviours which can impact on a person’s capacity to feel in control of themselves. Bullying behaviour takes place in the context of relationships; it is behaviour that can cause people to feel hurt, threatened, frightened and left out’.

For the purposes of this document bullying behaviour can include:

- Being called names, teased, put down or threatened
- Being hit, tripped, pushed or kicked
- Having belongings taken or damaged
- Being ignored, left out or having rumours spread about you
- Receiving abusive messages on social media or electronic communication

- Behaviour which causes people to feel like they are not in control of themselves
- Being targeted because of who you are or who you are perceived to be

This behaviour can harm people physically and/or emotionally and, although the actual behaviour may not be repeated, the threat may be sustained over time, typically by actions: looks, messages, confrontations, physical interventions, or the fear of these. Bullying is both behaviour and impact. (respectme 2015)

Prejudice-base bullying

Prejudice-based bullying is when bullying behaviour is motivated by prejudice. Prejudice-based bullying can be based on any characteristic unique to a child or young person's identity or circumstance: **some of these characteristics are protected by law.** Research recommends that only by embedding all protected characteristics across learning will children, young people and the adults have the language, understanding and confidence to respond to prejudice-based bullying effectively.

The Equality Act 2010 sets out that it is unlawful to discriminate against a person because of the following personal characteristics –

- Age
- Disability
- Gender reassignment
- Pregnancy and maternity
- Marriage and civil partnership
- Race. This includes colour, ethnic / national origin or nationality.
- Sex
- Religion or belief. The Act covers any religion, religious or non-religious beliefs
- Sexual orientation

Please see Appendix 2 for more detail on these and other forms of prejudice-based bullying.

Online Bullying

'Online bullying shouldn't be treated differently. Online bullying, or 'cyberbullying' as it often referred to, is the same type of bullying behaviour but it takes place online, usually on social networking sites and online gaming platforms. A person can be called names, threatened or have rumours spread about them and this can (like other behaviours) happen in person and online. Online is where the bullying is happening, it is not what is happening. We address online bullying effectively when we address it as part of our whole anti-bullying approach, not as a separate area of work or policy.' (respectme 2016)

East Lothian Council recognises that new digital technologies (such as smart phones, computers and tablets) and online applications (such as gaming and social networks) are constantly being developed. It, therefore, wants to see all policies and practice include advice on online bullying and is committed to:

- Supporting children and young people to use electronic technology and the internet, safely and responsibly.
- Help children and young people understand the implications and potential criminality of displaying bullying behaviour and or images via social media or electronic communication.
- Providing training and support to children and young people on what to do if they experience bullying behaviour online. This is carried out via programmes on the safe and positive use of digital technologies in schools. Similar programmes are also available to parents in East Lothian.
- Remaining up to date with latest changes and trends of how digital technology is being used by children and young people in order to be able to provide relevant support.
