Successful learners

Engagement
- enquiring mind -

Confident individuals

Languages – English, Modern Languages
 Maths – inc numeracy
 Health & Well-being
 Expressive Arts
 Religious & Moral Education
 Social Science
 Technologies
 Science

When designing our **curriculum**, we wanted certain key factors to be reflected: nurture; attainment and achievement, local area, families, our Core Values, and sustainability. Our priorities fit together well.

Teaching and learning is delivered through opportunities to achieve, with our young people encouraged to grow as leaders, support others, and make responsible choices.

Challenge and resilience are hallmarks of our provision.

Effective contributors

Sustainability
- Can do mindset - Resilience -

Responsible citizens

respect - Social Justice - co-operation
