

Tell the Time Bingo

Cut out the time word cards, mix them up and place in a hat or bowl. Take it in turns with your helper to draw out a card and read it out loud. If that time is on your bingo card, mark it off with a dabber or felt tip pen. The winner is the first person to mark off all their times and shout 'Bingo!' If you can find a third person to be your 'bingo caller', you could make this a race against another person to find four corners, a line and a 'full house' (all clocks marked off).
