

Primary 4 Maths Homework Term 3

Maths

There will be a continued emphasis on practical maths activities and real life maths contexts.

Time

Uncertainty and chance

Mathematics and the impact on the world

Numeracy

To develop strategies for addition and subtraction

To develop secure mental calculations

Word problems

Interactive games

Problem solving

Here are a list of some websites which have interactive games for review and revision of classwork. Some of them will have worksheets as well. There are of course many others and you will have your own favourites. Please ask your child's class teacher if you have any questions.
