

E-safety information for parents and carers

Shirley Lawson
Education Support Officer

E-Safety

.....a school's ability to protect and educate pupils and staff in their use of technology as well as having appropriate mechanisms in place to intervene and support any incident where appropriate.

E-safety is....

- Online behaviour
- Protecting your online reputation
- How to use social networking safely
- Understanding the reliability and validity of online information
- Data security
- Knowing what to do if anything bad happens

The education of e-safety

Times are changing

Lee and Kim
for age range 5 – 7 years old
