Primary 7 Transition 2021

Dear Parent/Carer

As the New Year beckons I am sure your thoughts will increasingly be turning towards the prospect of your child's transition to High School. At this stage I just want to communicate some of the activities and preparations that will take place in the coming months.

W/B 14 January	'Welcome to NBHS' Video from our current S6 Pupil Leadership Team.
W/B 8 February	'Moving on to the High School' Primary 7 Transition presentation – Lauren Rodger (Head Teacher) & Fraser McCallum (Depute Head Teacher)
March	NBHS Guidance Teacher visits
June 11, 14, 15	3 Day P7 Transition Visit

Changes to the wider environmental and societal constraints we are currently operating under may, of course, determine whether these events are virtual or face-to-face.

Our P7 Transition programme and communications with pupils, parents and P7 class teachers is something we will prioritise in the second half of the school session. Our aim is always to ensure your child has a very positive, supportive and progressive transition to the High School.

Kind Regards

Fraser McCallum

Depute Head Teacher
