

# Nursery Clothing

Here are a few tips on what (and what not!) to dress your child in to help them get the most of their time at nursery.

\*\*\*

We will be promoting independence, so help your child by dressing them in clothes they can manage by themselves.

Please label your child's clothes, bags and shoes with their name or at least initials.

Please send them with a coat they can put on and take off easily by themselves.

\*\*\*

Remember they will get wet and messy during play!!!

\*\*\*

Nursery sweatshirts and hoodies are red, and polo shirts are red or white. All have the nursery logo embroidered on them. You can order through school or online at [www.eeslschools.com](http://www.eeslschools.com)

\*\*\*

These clothes will help me to enjoy myself  
when I play outdoors!

A coat, fleece or cardi  
depending on the weather.

The nursery playground gets  
chilly even on sunny days, or we  
might go to the field or woods,  
so please **ALWAYS** send me  
with an extra layer.

A hat for when it's  
sunny. I'll need you to  
put sunscreen on too.

Wellies and a raincoat on  
wet days (spares can be  
left at nursery on my peg)

Please don't send me in my best clothes. I can't enjoy play if I have to worry about keeping clean. These types of clothes are ideal.

Leggings or jogging bottoms will give me freedom to move and help me go to the toilet easily

A nursery sweatshirt/hoodie, or a jumper/cardigan

Trainers or shoes with Velcro fastening

Polo shirts or T shirts with short sleeves

# To help me please **avoid** these!

These shoes and sandals won't help me to run, jump and climb as my feet might slip in them.

If laces come untied I can trip... I will also find it difficult to change into wellies to play with the water and mud outside.

These clothes won't help me be independent in going to the toilet.

Dungarees

Belts

Jeans/trousers with buttons
