16 June 2015

Dear parent/carer

All S2 pupils have the opportunity to participate in the Rapid Response Engineering Challenge week beginning on Wednesday 24th June. The pupils will complete a series of lessons in school based on the theme of disaster response over the course of one week.

On Wednesday 1st July the pupils will complete several outdoor challenges in the school grounds, such as building a shelter and first aid techniques, giving them the opportunity to improve their teamwork and problem solving skills. As the challenges are completed outdoors, pupils do not need to wear school uniform but may require waterproof clothing/sunscreen. If the outdoor challenges cannot run on Wednesday 1st July we will postpone until the next day (Thursday 2nd July).

If you would like any more details about this activity please do not hesitate to contact me.

Yours sincerely

Miss Bryony Smith

Teacher of Biology
