

Remote Learning Curriculum Map

S1

CDT

Pupils are learning about sketching techniques - one and two point perspective. Using *Homestyler* software as an introduction to floor plans and 3D Interior Design. Introduction to Engineering Science.

23 April – 30 April

Humanities

Pupils are currently studying the geography section of the course and the main focus is learning about GIS by exploring Digimaps for Schools before showing all the mapping skills we've learned by creating a desert island in the OS map style. Upload a photo to the google classroom assignment. Following this we will try to describe and explain our coastal landscape.

Drama

Social Drama unit. Pupils are planning and creating their own drama from a stimulus. Pupils have been sent a booklet via Assignments on Google classroom. A New task is set for pupils each week.

French

Pupils are finishing the topic of food and starting on town and directions.

Computing & Business

Pupils will be learning all about animation using powerpoint. We will provide pupils with videos to help them along the way. Have fun!

RME

Over the next three weeks S1 RME pupils will investigate the following:

- What is Animal Rights?
- Animal Rights and the law
- Animal Testing

Science

S1 pupils are working on Rotation 3 'Science on the Farm.' Depending on which practical group they are in, they will be working on one of the following topics:

- Photosynthesis and farming
- Using fertilisers and investigating climate change
- Heat transfer including conduction, convection and radiation.

Pupils should make sure that they check Google Classroom for full instructions from their Science teacher!

Remote Learning Curriculum Map

S1

Music

26 musical challenges

Pupils are asked to choose one or two each week and turn it in on Google classroom.

Pupils should keep playing instruments as much as they can, and use tutorials on Youtube to inspire you.

Maths

Pupils have been revising fractions this week and continuing with weekly online quizzes. Upcoming topics include time, algebra skills and graphs.

Mr Foulkes and Mr Habib's class have been working on algebra skills and upcoming topics for them include numeracy, coordinates and symmetry.

English

Mrs Conway - preparing solo talks

Mrs Gorka - 'My Wild Week' project - creative writing

Mrs. Gibson - Creative writing skills

Mrs Hudson - Researching Greek and Roman Gods/Goddesses

Mr Maxwell - Autobiographies

HE

Pupils are moving onto a healthy eating unit looking at the Scottish dietary advice and will begin learning about the functions and effects of the 5 main nutrients. Pupils also have the option of completing a weekly bake.

Art & Design

Pupils can choose from a varied assortment of lessons on the Art and Design Online Classroom. Over 60 lessons to choose from covering colour theory, shading and tone, portraiture, pattern, fashion and textiles, shape and form, graphic design, observational drawing and researching and learning about artists and designers.

Health & Wellbeing Challenge!

A two week 'race across the world' challenge. Walk, jog, cycle and see how far you get. Year group and staff competition to see who gets the furthest. Go on, go on, go on!!!!

Tweet @NorthBerwickHS

@northberwickPE

PE

Create a mini project on your sporting hero. Pupils can use video clips, photographs and statistics to explain why this person inspires them so much.
