

PRESTON LODGE HIGH SCHOOL

LEARNING FESTIVAL

learning achievement respect community happiness

WHEN: Friday 26th October 2018 1.30-4.30pm

WHO: For all Teachers and Educators

WHAT: This year's Festival sees us change from our usual Saturday slot, to an autumnal Friday afternoon packed with high quality dialogue about all things learning. As always, we will be offering a fantastic range of Learning Conversations that allow teachers to explore, share and develop their pedagogy. Is there a better way to start your weekend?

Keynote: Professor Kate Wall

University of Strathclyde, Glasgow

What is Practitioner Enquiry and how can we make it more doable?

The most common reason given for not carrying out practitioner enquiry is time. This session will explore dispositions and techniques to help make it more achievable. Using real examples, Kate will show how schools and teachers that have got the balance right would say practitioner enquiry can actually help you cope with the many competing demands of teaching!

WHERE: Preston Lodge High School, Prestonpans

WHY: We love learning and want to learn more from each other!

HOW: Go to www.edubuzz.org/lovelearning/ to sign-up as a participant or to lead a Learning Conversation

we  *learning*
