

CHAPTER 2

Exercise 1

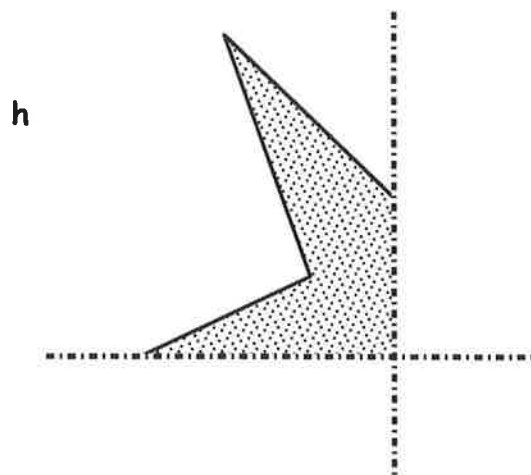

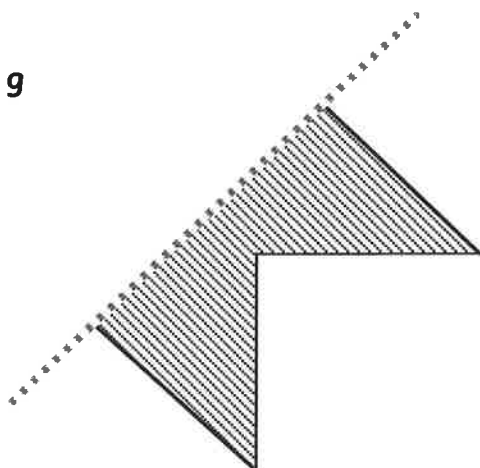

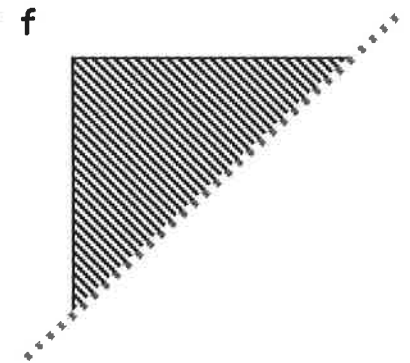

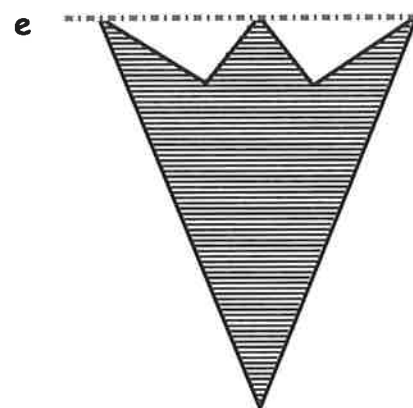

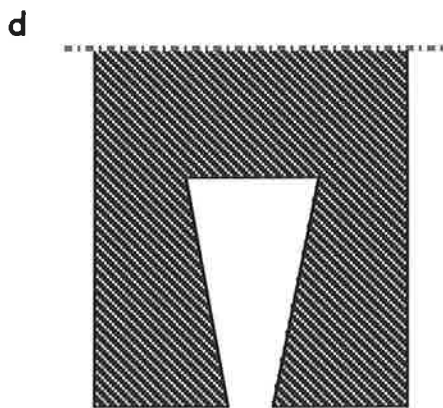

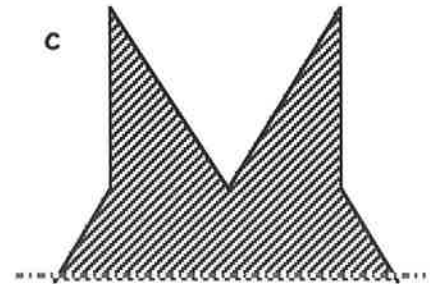

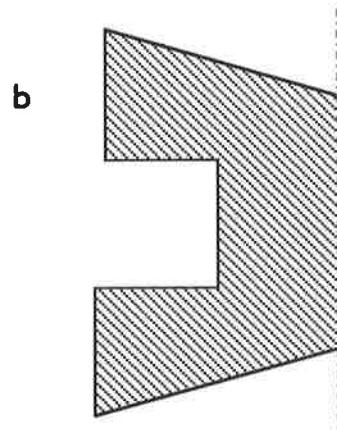

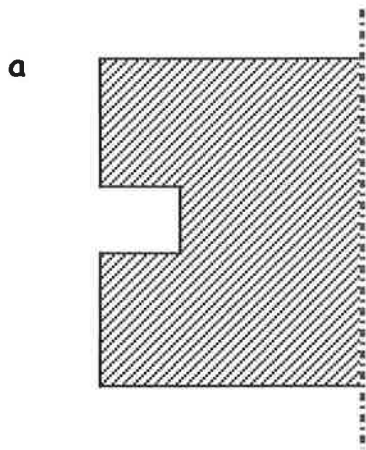

1. (i) Make a neat tracing of each of the following shapes and show all their lines of symmetry using dotted lines.
- (ii) Write down beside each shape how many lines of symmetry it has.

2. Draw and colour **any** shape neatly with :-
 - a 5 lines of symmetry
 - b 12 lines of symmetry.

Exercise 2

1. Trace or copy each of the following shapes, then complete each shape so that the dotted line is a line of symmetry.

note :- 2 lines of symmetry
