

# Five Little Polar Bears

*(Teach this as a spoken word rhyme, or choose your own tune.)*

Five little polar bears  
Playing near the shore.  
One tumbled in,  
Then there were four.

Four little polar bears  
Swimming in the sea.  
One chased a seal,  
Then there were three.

Three little polar bears  
What shall we do?  
One went swimming,  
Then there were two.

Two little polar bears  
Playing in the sun.  
One took a nap,  
Then there was one.

One little polar bear  
Not very old.  
"Where's my mum?"  
Then there were none.
