

Fireworks

In the Autumn chilly nights
We stand around the bonfire
Then we see a light in the sky
Bang goes the firework

In the Autumn chilly nights
We stand around the bonfire
Then we see a light in the sky
Pop goes the firework

In the Autumn chilly nights
We stand around the bonfire
Then we see a light in the sky
Sizzle goes the firework

In the Autumn chilly nights
We stand around the bonfire
Then we see a light in the sky
Pshhhhhh goes the firework
