Dear nursery parents/carers

SchoolPay Lunch Pre-Order

As you will be aware the nursery is now providing lunch for those children who are staying for the whole day session. You may also be aware that in the primary school, parents have ordered school lunches through the SchoolPay Pre-order Lunch system for some time.

From 24 August 2020, we would ask that nursery parents also order one of the current packed lunch choices for their child through SchoolPay. This will ensure a smooth morning transition into nursery and also give parents the opportunity to order the right choice for their child. Please pre-order by 8am on the day.

Many nursery parents are already registered for SchoolPay through paying for snack/trips etc. However, if you have not yet registered, details of your child's account reference and instructions how to register will be sent to you.

Regards

Claire V Graham
