

Stenton PS *'Growing together in a vibrant and inclusive learning community'*

Successful learners

- enquiring mind -

- Languages – English, Modern Languages
- Maths – inc numeracy
- Health & Well-being
- Expressive Arts
- Religious & Moral Education
- Social Science
- Technologies
- Science

Effective contributors

- Can do mindset - Resilience -

Sustainability

Responsible citizens

Confident individuals

When designing our **curriculum**, we wanted certain key factors to be reflected: nurture; attainment and achievement, local area, families, our Core Values, and sustainability. Our priorities fit together well.

Teaching and learning is delivered through opportunities to achieve, with our young people encouraged to grow as leaders, support others, and make responsible choices.

Challenge and resilience are hallmarks of our provision.

respect - Social Justice - co-operation
