

# TACKLING FUEL POVERTY TOGETHER

## FREE TRAINING EVENT

The Community Liaison and Partnership Team at Home Energy Scotland is running two free training and networking events which are designed to bring together individuals and organisations committed to tackling fuel poverty. The training will provide an insight into the causes and effects of fuel poverty as well as the support available from Home Energy Scotland to tackle this issue.

### Outcomes

By the end of the training, delegates will have:

- the knowledge to identify households vulnerable to fuel poverty
- practical skills on saving energy at home
- awareness of the support available from Home Energy Scotland
- confidence to refer their service users for further support
