

Supporting Pupils with Autism Spectrum Conditions

With 1 in 100 children on the Autism Spectrum, almost all educators will support a child or young person with Autism or Asperger Syndrome

Do you feel confident in your knowledge and understanding?

Is your teaching environment Autism friendly?

Would you like to refresh your skills and expertise?

Would you like practical tips and strategies to help support those with ASC in your class?

We offer **in house workshops** as well as **central events**

Upcoming central events (full day)

18 th May Haddington, E Lothian	10.15am - 4.15pm

For information on In-house training, please complete the following form
www.stepstoinclude.com/in-service-training-enquiry

"The practical examples, video clips and opportunity to work through real-life examples were most useful to me." (Workshop Delegate)

"Very informative & will be extremely valuable to my setting & practice." (Early Years Practitioner)

"Inspirational & really beneficial. I will return to school with an improved understanding with new strategies to explore. Very motivational." (Primary Teacher)
